

PE Premium fund 2017-18

In 2013 the government allocated £450million to improve Physical Education and Sport in primary schools over three years. The vision of the government is that:

“All pupils leaving primary school physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy lifestyle and lifelong participation in physical activity and sport.”

Schools must achieve a self-sustaining improvement in the quality of PE and school sport and will be judged against the following improvement indicators:

1. The engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
2. The profile of PE and sport being raised across the school as a tool for whole school improvement
3. Increased confidence, knowledge and skills of all staff in teaching PE and sport
4. Broader experience of a range of sports and activities offered to all pupils
5. Increased participation in competitive sport

In 2017 the government doubled the funding that primary schools receive to improve the quality of their PE and sport provision from £160 million to £320.

Dedworth Middle spent their allocation in the following ways:
