

Dedworth Middle School

Special Educational Needs and Disability Policy

October 2018

Our Ethos/Vision

At Dedworth Middle School we are committed to giving all our children every opportunity to achieve their best. The achievement, attitude and well-being of every child matters and inclusion is the responsibility of everyone within our school. Every teacher is a teacher of every pupil, including those with special educational needs and disabilities. We respect the unique contribution which every individual can make to our school community.

Definition of SEN and Disability (SEND)

At our school we use the definition for SEN and for disability from the SEND Code of Practice (2014). This states:

SEN: *A child or young person has special educational needs if he or she has a learning difficulty or disability which calls for special educational provision to be made for him or her. A learning difficulty or disability is a **significantly greater difficulty in learning that the majority of others of the same age. Special educational provision that is additional to, or different from, that made generally for others of the same age in a mainstream setting in England.***

Disability: *Many children and young people who have SEN may have a disability under the Equality Act 2010 – that is “...a **physical or mental impairment which has a long-term and substantial adverse effect on their ability to carry out normal day-to-day activities.**”*

Key Roles and Responsibilities

The SENDCO has day-to-day responsibility for the operation of the SEND policy and co-ordination of specific provision made to support individual pupils with SEND, including those who have EHC plans (or Statements until 2018). The SENDCO is a member of the leadership team and is also the designated teacher for Looked After Children (LAC). The SENDCO is Heather Mitchell (woofh001@dedworthmiddle.co.uk).

SEND Governor: The SEND governor is “to be appointed”. The SEND Governor will have responsibility for monitoring policy implementation and liaising between the SENDCO and the Governing Body.

Aims and Objectives

Aims

At Dedworth Middle School all pupils, regardless of their particular needs, are provided with inclusive teaching which will enable them to make the best possible progress and feel that they are a valued member of the wider school community. We expect that all pupils with SEND will meet or exceed the high expectations we set for them against national data and based on their age and starting points. We will use our best

endeavours to give pupils with SEND the support they need, whilst having access to a broad and balanced curriculum. Working in partnership with families, it is our aim that pupils will become confident individuals able to make a successful transition on to the next phase of their education.

Objectives

To ensure a clear process for identifying, assessing, planning, providing and reviewing for SEND pupils with pupils and their parents/carers at the centre.

To develop effective whole school provision management of support for pupils with special education needs and disabilities.

To deliver training and support for all staff working with pupils with SEND in order to develop our practice within the guidance set out in the Code of Practice, July 2014.

Identification Needs

The identification of SEND is embedded in the whole school process of monitoring the progress and development of all pupils. We recognise the benefits of early identification and making effective provision in improving the long-term outcomes for children with SEND. The purpose of identification is to work out what action the school needs to take, not to fit the pupil into a category. It is also important to identify the full range of needs, not simply the primary need of an individual pupil.

The Code of Practice refers to four broad areas of need:

Communication and interaction - these children have a difficulty in communicating with others. This may be because they have difficulty saying what they want to, understanding what is being said to them or they do not understand or use social rules of communication. For example, children with Autistic Spectrum Disorders (ASD), including Asperger Syndrome, are likely to have particular difficulties with social interaction. They may also experience difficulties with language, communication and imagination, which can impact on how they relate to others.

Cognition and learning – children with learning difficulties learn at a slower pace than their peers, even with appropriate differentiation. Learning difficulties cover a wide range of needs from moderate learning difficulties (MLD) to children with profound and multiple learning difficulties (PMLD).

Specific learning difficulties (SpLD), affect one or more specific aspects of learning, such as dyslexia, dyscalculia and dyspraxia.

Social, emotional and mental health difficulties- children may experience a wide range of social and emotional difficulties which manifest themselves in many ways. These may include becoming withdrawn or isolated, as well displaying challenging, disruptive or disturbing behaviour. These behaviours may reflect underlying mental health difficulties such as anxiety or depression, self-harming, eating disorders or physical symptoms that are medically unexplained. Other children may have disorders such as attention deficit disorder (ADD), attention deficit hyperactive disorder (ADHD) or attachment disorder.

Sensory and/or physical needs- some children require special educational provision because they have a disability which prevents them from making use of the educational facilities generally provided. Many children with vision impairment (VI), hearing impairment (HI) or a multi-sensory impairment (MSI) will require specialist support and/or equipment to access their learning.

A Graduated Approach to SEND Support

How the school decides whether to make special educational provision

A process of on-going teacher assessments and termly pupil progress meetings with the leadership team identifies those pupils making less than expected progress given their age and individual circumstances. The school's first response is quality first targeted teaching by the class teacher. Where progress continues to be less than expected, the class teacher will discuss their concerns with the SENDCo.

In deciding whether to make special educational provision, the teacher and SENDCo will consider all of the information gathered from within the school about the pupil's progress, alongside the views of parents/carers and pupil. During this stage extra teaching or interventions may be put in place as a pupil's response to such support can help to identify their particular needs.

Particular care is taken when identifying and assessing SEND for children whose first language is not English.

Where pupils have higher levels of needs, and with parental permission, the school may to seek advice from external agencies. These agencies may include:

- Educational Psychologist
- Speech and Language Therapy Service
- Behaviour Support Service (BSS)
- Autism Outreach Team
- Physical/Sensory Support Service/Occupational Therapy
- Educational Welfare Team
- Children's Services (MASH)
- School Nurse/Paediatric Health Team
- Child and Adolescent Mental Health Service (CAMHS)

If the support needed can be provided by adapting/using the school's resources then a child might not be considered SEND or placed on the SEND register. If, however, the support required is different from or additional to what is ordinarily offered by the school, the child will be placed on the SEND register at SEND Support. The school will then seek to remove barriers to learning and put effective special educational provision in place. This begins a cycle of assess, plan, do, review with the child/young person at the centre of the process. A pupil profile on the schools data base will be commenced. This is a working document which will be updated as more is understood about the child's SEND, including their response to intervention. Where a child and family would benefit from co-ordinated support from more than one agency an Early Help Assessment (MASH) may be used to identify help required and to prevent needs escalating.

The four part cycle:

Assess We will ensure that we regularly assess all pupils' needs so that each child's progress and development is carefully tracked compared to their peers and national expectations. We will listen to the views and experience of parents/carers and the pupil. In some cases we will draw on assessments and guidance from other education professionals e.g. Educational Psychologist (EP) and from health and social services.

Plan: Where SEND support is required the teacher and SENDCo will put together a plan outlining the adjustments, interventions and support which will be put in place for the pupil as well as the expected impact on progress and outcomes, including a date when this will be reviewed. Targets for the pupil will be shared with her/him using child friendly language and with parents/carers. All staff who work with the pupil will be made aware of the plan.

Do: The class teacher is responsible for working with the pupil on a daily basis. They will also liaise closely with TAs or specialist who provide support set out in the plan and monitor the progress being made. The SENDCo will provide support, guidance and advice for the teacher.

Review: The plan including the impact of the support and interventions will be reviewed each term by the teacher, SENDCo, parent/carer and the pupil. This will inform the planning of next steps for a further period or where successful the removal of the pupil from the SEND support.

This four part cycle through which earlier decisions and actions are revisited, refined and revised with a growing understanding of the pupil's needs and what supports the pupil in making good progress is known as the graduated approach. It draws on more detailed approaches and more specialist expertise in successive cycles.

Parents/carers and pupil involvement in the process

We believe in a person centred approach to information gathering and the cycle of assess, plan, do and review. Termly reviews and target setting meetings are planned to coincide with parents' evenings where possible. Targets are shared with pupils and successes are celebrated.

Pupils with an EHC Plan or a Statement will be invited to attend their annual review in order to share their achievements for the year and aspirations for the future.

SEND Provision

SEND support can take many forms. This could include:

- An individual learning programme
- Evidence based interventions
- Extra help from a teacher or a teaching assistant
- Making or changing materials, resources or equipment
- Working with a child in a small group
- Maintaining specialist equipment
- Observing a child in class or at break and keeping records
- Helping a child to take part in the class activities
- Helping other children to work with a child, or play with them at break time
- Supporting a child with physical or sensory difficulties, such as eating, getting around school safely or dressing

Managing the needs of Pupils on the SEN Register

Each pupil with SEND is an individual and their plan is tailored to meet their particular needs. Plans are reviewed termly with parents and pupils.

Decisions regarding the level of support provided are needs led, working within the constraints of the school budget.

The class teacher is responsible for:

- The progress and development of all pupils including those with SEND
- Ensuring the plan is implemented in the classroom
- Regular liaison with parents and the SENDCo
- Effective deployment of additional adults
- Identifying on class planning the provision they are making for the pupils with SEND
- Supporting the SENDCo

Teaching Assistants are responsible for:

- Ensuring that day to day provision is in place for the pupils they support
- Implementing agreed strategies and programmes, and advice from specialists such as physiotherapists
- Record keeping
- Resources
- Regular communication with class teacher and SENDCo

The SENDCo is responsible for :

- The SEND policy and its implementation
- Co-ordinating support for children with SEND
- Updating the SEND register and maintaining individual pupil records
- Monitoring the quality of provision and impact of interventions
- Attending meetings and updating staff
- Referrals to and liaison with outside agencies
- Line managing TAs with responsibility for SEND
- Liaising with and advising staff
- Maintaining regular liaison with parent/carers
- Co-ordinating annual reviews/Applying for EHC plans
- Supporting staff in identifying pupils with SEND
- Mapping provision throughout the school
- Maintaining links and information sharing with receiving schools with transition into year 5 and out of year 8

Criteria for removing pupils from the SEND Register

When a child has made sufficient and sustained progress towards achieving their personal targets and it is felt that they are able to maintain this with quality first teaching, they may be removed from the SEND register. The school will continue to monitor pupils recently removed from the register to ensure good progress is maintained.

Requesting an Educational, Health and Care (EHC) needs assessment

A small number of pupils, whose needs are complex and long term, may require a greater level of support than that provided at SEND Support from the school's own resources. For these pupils a request will be made to the local authority to conduct an assessment of education, health and care needs. This may result in an Education, Health and Care (EHC) plan being provided. This brings together the child's health and social care needs as well as their special educational needs.

Statements

The Education, Health and Care (EHC) plan replaces what were formerly called statements of special educational needs. Children who currently have a statement will continue to maintain this until the transition is made to an EHC plan. Parents will be informed by the LA in advance of this transition review and will have an opportunity to discuss the process with the SENDCo.

Supporting parents/carers and children

We provide support in the following ways (not exhaustive);

- The SENDCo operates an open door policy for parents/carers seeking support and advice
- ELSA (Emotional Literacy Support Assistants)
- SEND Governor who is available as a contact point
- Additional time and special arrangements for SATs/assessments
- Support for transition in and out of Dedworth Middle School
- Behaviour support mentor
- EAL Co-ordinator

Supporting pupils at school with medical conditions

The school recognises that pupils with medical conditions should be properly supported so that they have full access to education, including school trips and physical education. Where it is the case that a medical condition meets the criteria of disability the school will comply with its duties under the Equality Act 2010. Reasonable adjustments will always be made to promote access to all areas of the school curriculum for pupils with a disability, eg: an extra adult to accompany a child on a school trip or residential trip.

Pupils with other SEND needs will have the same access to school trips.

Specific staff have training to support particular needs, eg: maintain auxiliary aids and equipment or managing diabetes/epilepsy. See medical policy.

Monitoring and evaluation of SEND

The head teacher and the SLT regularly monitor and evaluate the quality of provision for all pupils. The school aims to use interventions in school that have proven outcomes and are evidence based. The impact of SEND provision on the progress and outcomes for children on the SEND register is measured through:

- Analysis of pupil tracking data and test results at pupil progress meetings
- Progress against national data and based on their age and starting points
- Interventions baseline and exit data
- Progress against individual targets
- Pupils' work and interview

The SENDCo maps provision for each SEND pupil. Decisions are made as to whether specific interventions are proving to be effective in terms of impact, time spent on them and the finance used in providing them.

The SEND Governor is responsible for:

- Monitoring the effective implementation of the SEND policy
- Liaising termly with the SENDCo
- Reporting to the governing body on SEND
- Ensuring that pupils with SEND participate fully in school activities

Training and development

Training needs are identified in response to the needs of pupils currently on the SEND register.

School staff have specific training and expertise in ASD, speech and language, literacy and numeracy interventions and supporting children with hearing impairment and dyslexia.

The SENDCo attends network meetings to share good practice with colleagues and keeps up to date with SEND developments.

Storing and Managing Information

Pupil records and SEND information may be shared with staff working closely with SEND pupils to enable them to better meet the individual child's needs. We are grateful to parents for their information sharing and openness and respect their confidentiality. Pupil SEND files are kept in a locked filing cabinet. Individual SEND files are transferred to receiving schools when pupils leave Dedworth Middle School.

Gifted and Talented pupils are identified at point of entry to Dedworth Middle school. See G and T policy

Complaints

We urge parents/carers with any concerns regarding the SEND policy or the provision made for their child at Dedworth Middle School to speak to us soon as possible. In the first instance, please speak to the class teacher or the SENDCo.

How the policy was put together

This policy was created in consultation with stakeholders, including the SEND Governor, staff, representative parents and pupils with SEND. The policy reflects the statutory guidance set out in the Special Educational Needs and Disability code of practice 0-25 years (July 2014).

Compliance

This policy complies with the statutory requirement laid out in SEND Code of Practice 0-25 (July 2014) and has been written with reference to the following related guidance and documents;

- Equality Act 2010: advice for schools DfE Feb 2013
- School SEND Information Report
- Safeguarding Policy
- Accessibility Plan

Appendix 1: Key Documentation

The following documents have informed this guidance which parents may find helpful:

- Special Education Needs and Disability Code of Practice: 0-25 years
<https://www.gov.uk/government/publications/send-code-of-practice-0-25>
- Special Educational Needs and Disability: a Guide for Parents and Carers
<https://www.gov.uk/government/publications/send-guide-for-parents-and-carers>
- Supporting Pupils at School with Medical Conditions
<https://www.gov.uk/government/publications/supporting-pupils-at-school-with-medical-conditions--3>

Reviewing the SEND Policy

The SEND policy is reviewed annually by the governing body.

Date of next review: **October 2019**
